Orientation for Teacher Educators 21.10.2021 to 23.10.2021

REPORT

INAUGURAL

The stage was graced by chief guest Dr. Prof Babanna Hoovinbavi, Dr.Ganapati Sinnoor, Dr.Bharati N Reshmi, Dr.Geeta R M, Shri Sharad N Reshmi, Shri Shishir N Reshmi, Dr. Rajashekhar Shirvalkar, Dr. Shantkumar Biradar.

Dr. Bharati N Reshmi, President RECT welcomed the guest gathering and spoke about the need of organizing three days Orientation Programme. Madam said the dream of **Shri Nagendra B Reshmi Sir**, who always strived in uplifting and enlightening the academic knowledge of employees of RECT. A Teacher is a student till death. New knowledge, using innovation has to be inculcated in one's life Education is an absolute tool for growth and development of an all-round personality. Madam then whole heartedly welcomed the entire guest on the Dias and off the Dias, including the press.

Dignitaries lit the lamp of knowledge and there by inauguration the three days Orientation Program for Teacher Educators

Dr. Rajashekhar Shirvalkar, Principal M.Ed College and programme Coordinator, introduced Dr. Babanna Hoovinabhavi, chairman and Dean, Department of Education, Gulbarga University, Kalaburgi Shri Shishir N Reshmi felicitated Dr. Babanna sir.

Dr. Babanna Hoovinabhavi, the chief Guest of the function, introduced the topic of National Education Policy 2020 and cited that it has four parts –

1. School Education
2. Higher Education
3. Other key areas and
4. Make it Happen

He said that in part II, Chapter 15 (Fifteen) deals with “Teacher Education” Due to many confusions and Complications, NCT has set up a special committee to study in detail the concept of Two (01) years and one year of B.Ed Course. He said, Integrated Teacher Education Programme is mandatory. The one (01) year course is a multiple entry, Two (01) is considered as a Diploma Course, Three year course will be the basic degree and Four year will be “Degree with honors”. In Multidisciplinary institutions, a student can study any two unrelated subject. Reconstructing of our curriculum has been made mandatory. By 2030, a Four year Teacher Education will be realized. NEP has a holistic approach and is value based policy.

There are five values

1. Truth
2. Righteousness conduct
3. Peace
4. Love and
5. Non-violence

Based on five domains of human personality

1. Intellectual level
2. Physical level
3. Educational level
4. Spiritual level
5. Psychological levels

All three are based on three objectives

1. Cognitive
2. Affective
3. Psycho – motor – skills

All Colleges and Universities should practice

1. Knowledge as creation
2. Knowledge as dissemination
3. Knowledge as application

All Three are interdependent.

NEP Skill are employ ability skills and do not assure employment.

All round development in NEP means value and skill Enhancement like vocational jobs, orientation course, NCC, NSS, Red Cross cell ports, and many such Socio-cultural courses hence forth will be made mandatory.

He summed up by starting the main objectives of NEP

1. Outcome based Education
2. Graduate Attributes
3. Pedagogy and its varieties
4. Continuous Assessment
5. Experiential Learning

The NEP's Objectives can be realized if the policy is implemented as stated.

Shri Amarendra math, Lecturer in Physics RECT introduced Guest of Honour – Dr.Ganapati B Sinnor Asst Professor, Dept of Business studies central university Kadaganchi Shri Sharad N Reshmi, Security, felicitated Dr.Ganapati.

Dr. Ganapati sir, said that “Teacher without B.Ed Education are Teachers without license”

He spoke at length about Situational Leadership.

Theory which is based as –

1. Ability and willingness
2. Ability and unwillingness
3. No Ability but willingness
4. No Ability unwillingness

As per the less of NEP 92% of teacher are unaware of NEP.

One has to study the concept of Teacher as a Leader and his success depends on the success of his/her student.

There are two issues for B.Ed and M.Ed teacher in NEP.

They are –

1. Challenge
2. Opportunities

Skill Qualification the Cray of NEP in education is based on the need of Industrial skills.

The Socio-economic Change seen in this generation has to be matched with the intellectual change that needs to be addressed within a span of 20 to 30 years the social life has witnessed and undergone a vast change with qualitative development.

Hence, there is a need for change in the field of education to update itself.

Old jobs, old Schemes, old as slow working systems have been vanished, as per the modern needs specific skill qualification and fast working system one placed.

Hence, in order to update the teaching faculty, continuous evaluation system has to be invoked. A teacher has to be all eyes and ears in understanding and adapting oneself to these skillful changes. To understand this concept, sir asked each one of us to see seven (07) movies, right from 1950's to 2020's. He said that one will experience a tremendous development and the change.

Basically India is a multi-cultural country, hence adjustment with any other culture or religion becomes easy.

He advised us, to read the NEP draft repeatedly only to redefine and reinvent our needs and the changes. At present Ganapati sir is working on the concept of “History of management “.The study of History is not to be restricted to the stories of king and Queens, but the study of History is vast and abundant when its application is seen in other areas.

We have to introspect and reinvent ourselves. We have to globalize Indian Thought of its ancient educational systems.

Dr. Shantkuma Biradar, programme convener president a brief precedential remark.

Smt.Veena Modi, Lecturer in commerce, proposed vote of thanks.

The Inaugural session came to end with photo session

The IInd Technical Session:

Resouse person - Dr. Vinodkumar Hosamani, Librarian, Govt. First Grade College, Jewargi and Regional Coordinator Kalyana Karnataka Library Association.

Topic - E – Recourses

Dr. Vinodkumar was introduced by Shri. Anand, Librarian and was felicitated by Shri. Murali Kulkarni.

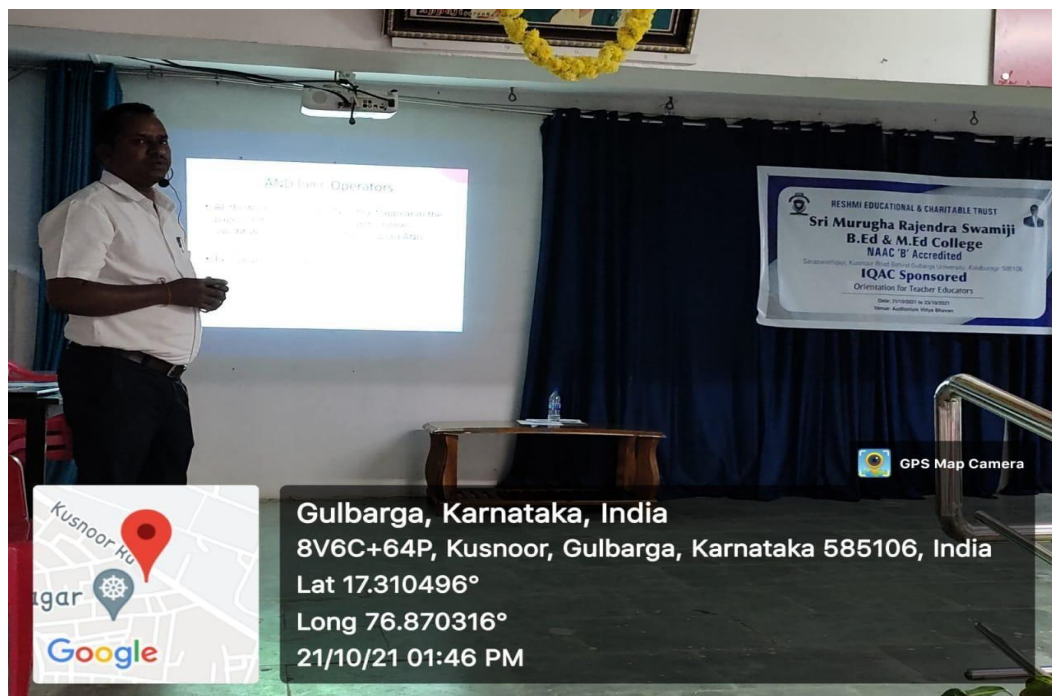

He said that Library today is working towards the changing system in information technologies. Material in digital format accessible.

Why E-Resource?

1. It reduces the space in the Library
open educational resource :-
Teaching, Learning, and research materials.

E-Path Shala / E- PG Pathashala , here we have more than 22 thousand books.

He highlighted many useful website with screen short.

Day Two – 22nd Oct. 2021

Resource Person - Dr. Karigoleshwar Farthabad, HOD and Research Grade of Commerce, G.F.G College, Jewargi.

Topic - Avenues of Commerce in Education

Dr. Dr. Karigoleshwar was introduced by Shri. Nagesh

Dr. Karigoleshwar started his talk on “**Role of a Good Teacher**”.

A Teacher has a very important role in the life of an individual. A teacher needs

1. Good skills in a Communication
2. Good skills in Listening
3. Good skills in adaptability
4. Good skills in Empathy
5. Good skills in Patience

Good Teacher on Commerce Education. Gave a list of subject

1. Financial Analyst
2. Market Research
3. Brand Management
4. Digital Media
5. Sales and Marketing
6. Media Communication
7. Data Analysis

II Technical Session

Resource Person – Dr.Suresh Jange, Chief Librarian, Gulbarga University, Kalaburagi and NAAC Coordinator

Topic - Professional Ethics Research visibility and Moocs

Shri Yemanoorappa, Librarian introduced Dr.Suresh Jange to the evidence. Dr. Suresh Jange opened his talk seeing that Corona was blessing in disguise, become online classes use of Digitalized teaching suddenly erupted.

Due to the shortage of qualified faculty, inadequate resource and infrastructure to teach, “MOOCS” – Massive open online course gained popularity.

“Swayam” again digitalized online course, which has been helping “n” number of student.

This is more on qualitative mode. Through “Swayam” online refresher course and Orientation course is possible.

Dr. Suresh Jange gave many insights into the using of technical mode of learning into the using of technical mode of learning. He gave live examples.

Smt Veena Modi proposed vote of thanks for this session.

II Technical Session

Resource Person - Dr.Srikant, Asst Prof. Dept of English, G.F.G College, Bidar

Topic - Resource Method in English Literature Language

Kum Shivani Sasture introduced the resource person Dr. Srikant and Shri Murulikumar Kulkarni sir felicitated Dr. Srikant.

What is resource? Why we need research.

There are two demanding

1. Material purpose
2. Metaphorical purpose

In 6th Century Budha tried Research to answer many question lingering inside him. It was an inward journey. But in modern days the inward journey has become outward journey.

Time Present and time past are both present in time fulltime and time future is seen in the past. If all time is eternally present all time is unredeemable.

This time is related to literature through philosophy. A PPT Picture regarding 3 people changed one sitting in a care.

This is the cave of ignorance which has to be illuminated through trust. Truth is universal.

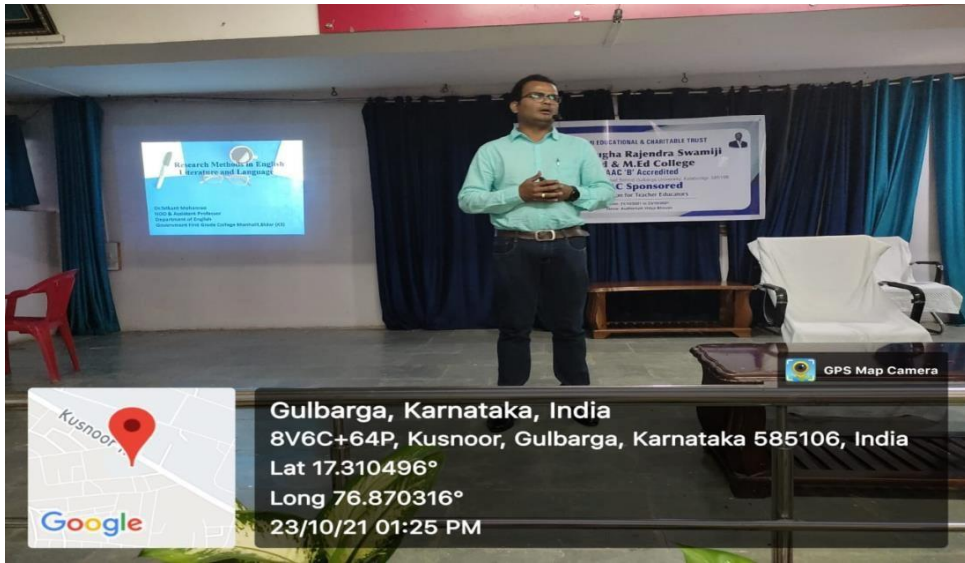

Types of Research

Research in Science, Social Science and in humanities. Literary research is clarified as

1. Biological or Technical Research
2. Biological Research
3. Theoretical Research
4. Interpretive Research

Devotion, Determination and Dedication and the necessary tools for an individual doing research. In today's Screened of NEP, English teacher should be an all rounder and should be ready with all disciplines.

Smt Veena Modi proposed vote of thanks.

Valedictory

The stage was governed by Prof. Narendra Badasheshi, chief guest, Guest of honor Dr. Neelambika Police Patil, Dr Bharati N Reshmi, Dr. Geeta R M, Dr. Rajshekhar Shirvalkar, and Dr. Shantkumar Biradar.

Prof. Sharanappa Chavan, B.Ed College Lecturer welcomed, introduced by Smt Veena Modi as a motivational speaker. Dr. Rajshekhar Shirvalkar felicitated sir similarly Smt Veena Modi introduced Dr. Neelambika Police Patil and Prof. Ashwini Rajgiri felicitated Madam.

Dr. Geeta R M gave a brief eye views the three days Technical session report. Four participant’s responses were immensely positive and appreciated the three days orientation training for Teacher Educations.

Prof. Narendra Badasheshi spoke regarding is a teacher a born teacher? Is a teacher successful or a teacher as a utility.

Five levels of Teaching

1. From Consumption to create more.
2. To be a risk away to risk talking
3. From being a specialist to multidisciplinary
4. Job Satisfaction
5. Values addition with contribution

Teacher as trend setter – one touch, one word, and one eye sight talks the slow learners

One should move from tuition to intuition, monologue dialogue, from text to context, information to inspiration from transform to translation from Salary to job satisfaction.

Trust Faith has to be inculcated into the hearts of a student.

Dr. Neelambika Police Patil, appreciated the title of the orientation. “Teacher Educators” Best Teacher are windows and mirrors. Madam pointed out her concern towards declining of the quality. NEP should have been implanted at the root level.

Orientation programme should be motivational. I grate student and give them social responsibility NEP reduces dropouts.

Dr. Bharati N Reshmi, Spoke about the need of the hour the need for teacher bestowed with values, responsibilities and dedication. She said that one needs education for

1. Physical attributes
2. For mind and heart
3. For Spiritual aspirations
