Nature of activities:

Different types of activities are planned in the institution to provide peer feedback and peer tutoring. Some of them are as explained below:

- 1) **Micro-teaching:** Teachers plan micro teaching session in small groups to enhance peer tutoring and peer feedback. Students teach each other and present content with the help of different skills.
- 2) **Teaching Practice:** To achieve expertise in teaching skills, peer feedback is given due importance. Students give feedback to each other. They also learn many things from each other while they observe each other.
- 3) **Class room teaching:** To address the student diversities, peer tutoring is organized in the classes. Slow learners can learn from advance learners on different topics related to the subject.

Outcomes:

Students of different abilities are provided exposure to real life situations which help them to understand the concepts in better way. They feel motivated and enthusiastic after getting knowledge from each other. They feel to participate actively in the different activities related to peer tutoring and peer teaching organized for them.

Documents:

Records of different activities are maintained in the college register activity wise. Information about the teacher and students who attended the Sessions and nature of activity with the academic year and course name is clearly mentioned in the Register.
