ABOUT INSTITUTION :

Sri Basalingappa Reshmi, the founder President established Reshmi Educational and Charitable Trust (R) in 2000-2001. The RECT Trust started its journey with schools along with Pre-University Education. The trust moved on to establish Seven Degree colleges with Arts, Science & Commerce Courses. Simultaneously it started 17 Post Graduate courses in Humanity, Social Science & Science Subjects. Initially started with primary education sector today it has grown into big tree fostering from Pre-Primary to Post Graduate courses along with Diploma and Open University courses. Women's education was given a special status, highlighting the need for the Girls to get educated; hence, Nagendra Reshmi Sir established Sharaneshwari Women's Degree College and B.Ed College, KSWU Vijayapura, RECT established evening College to foster the need of such aspiring employed students who could not realize their academic dreams. Under Hampi University with distance education mode various PG courses are started. B.Ed & M.Ed College affiliated to Gulbarga University, College has successfully completed the first cycle of NAAC Accreditation with "B" Grade, first Private College of Hyderabad Karnataka region.

The great visionary Sri, Nagendra Reshmi highlighted and stressed the need for academic activities. Hence, the RECT conducts the academic activities, Seminars and workshops every year.

Reshmi Educational and Charitable Trust (R), Gulbarga in its pursuit of excellence in higher education, now organizing third National Conference on the theme of **National Education Policy-2019**. We solicit research papers from scholars and thinkers alike, from across the country to make this endeavor a tool to holistic learning. Let us take this opportunity to understand the process of education, make it relevant to the present time and add value to it.

ABOUT THE CONFERENCE :

The **National Policy on Education (NPE)** is a policy formulated by the Government of India to promote education amongst India's people. The policy covers elementary education to colleges in both rural and urban India. The first NPE was promulgated in 1968 under the Indra Gandhi Government and the later by Rajiv Gandhi Government in 1986. The government of India has appointed a new committee under K. Kasturirangan to prepare a Draft for the new National Education Policy in 2017.

Notational Education Policy-2019 consists of the principles and government policies in the educational sphere as well as the collection of laws and rules that govern the operation of education systems. Education reform is a topic that is in the mainstream currently in India. In the formation of a sound society, education plays a key role. Society undergoes a constant

process of evolution and this dynamism can be given a positive direction through the instrument of education that is contextual. All human endeavors are channelized towards the transference of knowledge to posterity. However, knowledge would be rendered meaningless in a fossilized form. It has to evolve and customize itself to the needs of the time. This gets us to ponder upon Technological and Contextual Education. It is a process where theory is to be constantly augmented with practice and usage. This process would not only make education meaningful but also aid the cause of employability. In this altruistic quest of investing, each individual with the necessary talent of meaningful perspective loys the larger design of a better society and a better economy. Our Conference is to serve as a think tank to look at ways to tailor education to contemporary needs and promote better education system.
